

Vocabulary Words/Definitions with Figurative Language

(10 points +1 extra credit)

While reading, use post-its to mark at least 10 words of which you do not know the meanings, or maybe you are unsure of the meanings. In order to complete the activity, you will need to write down the page number, the sentence in which you find the word (underlining the word), and define that word using a dictionary or the Internet, and write an original sentence using the word and figurative language (simile, metaphor, alliteration, personification, allusion). You may either type up or handwrite this activity; whichever you choose, please follow the format after these instructions.

RUBRIC:

Full points will be awarded if all boxes are filled out correctly and neatly.

Points will be taken off as follows:

- 1 point for each "vocabulary word" missing
- ¼ point for each missing sentence from the reading where the word was found
- ¼ point for each missing or incorrect definition
- ¼ point for each missing page number
- 1 point for each word that is illegible
- +1/10 point for writing an original sentence using the word and figurative language (simile, metaphor, alliteration, personification, allusion)

Remember when printing this template at school...

1. Choose the NEW ESLAB B&W
2. Print only Pages: 2-3
3. Print on Both Sides
